

[OJT-Dev and PM]

1.They said manual updating is available so I requested manual update.

2. I got their social media to proceed the rapid feedback

When you guys do the development with the source code came from 3rd party, Please ask them will Email immediately if you face the bug after you done the manual development according to guideline.

all the time you should ask about their social media account persuading them that if you share that, I can help you out to finish our task and give you mutual opportunities. Like this.

Attachment file : Conversation sample

Kalsoom @rashid\_ali1222 Pls keep those in mind and follow up the email when we passed the due date
